Floating Docks

Titan Series

The Titan Series combines the best features of our docks into one high-performance, long-lasting system. Featuring a rugged reinforced pontoon flotation, the dock stays safely above water and waves. Fabricated by skilled welders and carpenters, the Titan Series is built to last a lifetime—or longer! The aluminum frame is backed by a 10-year warranty, and the reinforced pontoons come with a 25-year warranty.

20 All Canadian Decking Options

DID YOU KNOW?

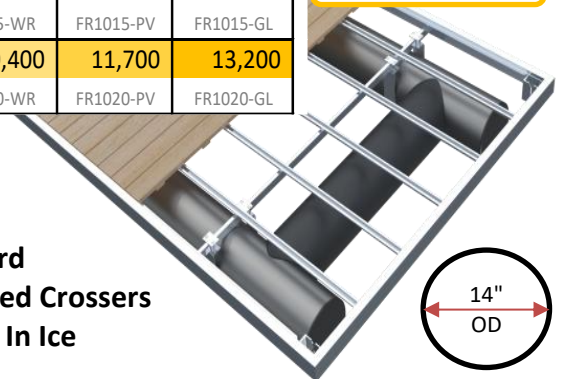

Pontoon floats are the best choice for flotation when big waves are frequent

Pontoon floats respond more slowly than box floats to waves due to the rounded shape of the bottom. This gives a greater feeling of stability in rough conditions when big waves occur.

Are calm conditions your normal? Check out our more economical Designer Series Floating Dock with box floats
