Tower Docks

Designer Series

Tired of finding help to put your dock in and out each season? With a Tower Dock from On the Water Designs, you can lift and lower your dock yourself or with a single helper, giving you control over your dock's schedule. Ideal for water depths under 8' and minimal fluctuation when boats are tied, Tower Docks handle muddy bottoms with proper management for easy removal. Each dock includes a strong shore mounting point and solid winch point for winter storage. All tower components are hidden below the decking during the summer.
