Floating Docks

Classic Series

Our Classic Series Wooden Dock is a modern interpretation of a traditional style built for centuries. Proven construction techniques matched with our exclusive extruded aluminum structural hardware and foam filled box floats create a system that will blend with the beauty of your shoreline for years to come.

Choose our Classic Series if you are searching for a lower cost solution, a heavier, more stable design, or simply a dock that fits the natural look of your waterfront.

Our experienced carpenters are looking forward to building your next dock.

Classic Series Floating Docks Include:

- ✓ Frame, Floats & Decking
- ✓ Chain Retainers at Corners
- ✓ All Ramps Include a float
- ✓ 3 Year Wooden Frame Warranty
- ✓ 10 Year Welded Frame Warranty (Ramps)
- ✓ 15 Year Float Warranty

DID YOU KNOW?

Box floats are the best choice when big waves are less common.

Box floats offer maximum stability for walking & sitting due to the large surface area in contact with the water but for the same reason they also lift more quickly when big waves occur.

Pontoons are the best choice in wavy conditions as the waves need to push higher up on the float to make the dock lift

16" Freeboard
1/2" Wall Thickness
Safely Leave In Ice

18"

16" Freeboard
Foam Filled or 1" Heavy Wall
Safely Leave In Ice

Delivery & Installation is available through a professional 3rd party installation crew.

Delivery is \$300/HR one way. Installation is generally 10% - 13% and may change based on specific requirements.

All prices subject to change without notice. All measurements are approximate
